WHO WE ARE

The Force Behind the Card

At **DAVE Labs**, we believe real financial power should be in your hands — not locked behind banks and systems. So we partnered with **Visa**, the world's most trusted payment network, to bring you something bold:

A **Next-Gen Payment Card** that combines global access with long-term earning power.

Now you can spend anywhere Visa is accepted — over 200+ countries — and earn lifetime rewards, all with one card.

This isn't just a financial product.
This is your **ticket to the top 0.001% of financial evolution**.

We didn't want to build just another premium card.
We built a **lifetime asset** — one that grows with you.

Welcome to the **Royalty Visa Card:**

- ➤ Only **5,000** cards will ever exist. No more.

- ➤ Earn **1% of revenue** from all active cardholders across the network.

- ➤ Works with **Apple Pay, Google Pay, and global ATMs**.

- ➤ No bank approvals needed — access your funds freely.

- ➤ **Holds long-term value** as the DAVE Labs ecosystem expands.

It's more than a card.
It's your **Membership to an Elite Global Circle** of high-earning,
early-access holders.

WHY THE

ROYALTY
CARD

WAS BORN

RECORD MOMENTUM

Before the Royalty Card was introduced, DAVE Labs made headlines — **70 Million tokens sold in just 4 days** during the Private Round.

While others rushed into public rounds, we took a smarter step: We launched the Royalty ecosystem first — a network built around our most committed visionaries.

That moment marked the start of a new financial model — where **users don't just spend, they earn.**

There will **never be more than 5,000** Royalty Cards. That's a hard cap — not a marketing trick.

Millions will join the DAVE Labs network. Only the **first 5,000** will hold the card that earns for life.

As demand grows and supply remains fixed, value follows.

ONLY

5,000 IN THE WORLD

FOREVER

EARN
EVERY TIME
OTHERS SPEND

Every time someone swipes their DAVE card you get paid.

Yes, seriously.
Royalty Card holders receive **1% of revenue** from network-wide transaction fees. Imagine thousands — one day millions — using their cards daily... and you earning a piece of that.

This is **real passive income** that grows as the ecosystem grows. You don't just spend anymore — you **earn** as the world transacts.

With the Royalty Card:

➤ Withdraw cash from any **ATM worldwide**

➤ Tap & pay with **Apple Pay or Google Pay**

➤ Use your funds **without banking paperwork**

No forms. No waiting. No approvals.
Just full control over your money, 24/7.

Modern finance — built around you.

NO BANKS,
NO WAITING

JUST FREEDOM

YOURS FOR LIFE

Once you hold your Royalty Card, **it's yours forever.** No renewal. No expiry. No hidden fees.

And since only 5,000 exist, your card becomes rarer with time and more valuable.

As the network grows, so do your rewards, visibility, and potential returns.
